

## Business summary

Kingerlee is a fifth generation family business operating within a 75 mile radius of Oxford, with a reputation for loyalty and quality, which is reflected in both our staff and our clients. Currently Kingerlee employs 110 staff.

## Types of work undertaken

The Company's Construction Division is split into two distinct areas of expertise:

- The **Special Projects** management team undertake projects between £250,000 and £1.5m.
- The **Major Projects** team undertake projects up to £30m.

The Company has a broad range of construction expertise in both new build and restoration with particular focus on the following sectors:

Education including Universities, local authority and public/private schools; individual high quality private houses; healthcare and research; leisure; public buildings including Churches and Museums; and bespoke commercial and residential developments.

Our comprehensive and experienced Construction Division is supported by Kingerlee Joinery with its wealth of expertise in the design, manufacture and production of quality, purpose-made joinery, together with extensive mechanical plant and yard storage support facilities at our Kidlington headquarters.
